

4T Strategy Guide

Turn Your Inner Purpose Into Outer Performance

“Growth is sustainable when purpose flows into strategy, systems, and transformation.”

Why Use This Guide? The 4T Framework helps you:

- ✓ Align your purpose with strategy
- ✓ Build offers that create real value
- ✓ Design systems for efficiency
- ✓ Drive transformation for lasting impact

The 4T Framework Worksheet

Take **30 minutes** to reflect and draft initial thoughts for each T:

1. Translate – From Purpose to Vision

(What is your core purpose, and how does it translate into a clear, actionable vision for your business or role?)

2. Transact – From Vision to Value

(What offerings, services, or value exchanges will fulfill this vision practically? Outline your top 1–3.)

3. Transit – From Value to Systems

(What systems, processes, or structures need to be in place to deliver these offerings effectively and sustainably?)

4. Transform – From Systems to Sustainable Impact

(How will these systems and offerings transform your team, organization, clients, and community over time?)

Reflection Prompt

“If I integrate all four Ts today, what will be my biggest immediate shift?”

Next Steps

Use this guide during:

- ✓ Strategic planning
- ✓ Offer design or pivots
- ✓ Team alignment meetings
- ✓ Personal leadership reflection
